Butler & Burke Presents Dalton L. McMichael Scholarship To David Michael Mabe of Stoneville

WINSTON-SALEM, N.C. (JUNE 1, 2008) – Butler & Burke, L.L.P., a full-service accounting firm based in Winston-Salem, has awarded the Dalton L. McMichael Scholarship for Excellence to David Michael Mabe of Stoneville. The \$1,000 scholarship, presented annually, is available to high school seniors at Dalton L. McMichael High School in Mayodan.

Mabe will attend the North Carolina State University this fall. He plans to study computer science in hopes to become a software developer.

During high school, Mabe was the 2006-2007 Junior Marshall and received the Superintendent's Academic Recognition. He participated in numerous extracurricular activities, including volunteering for Light the Night with the Leukemia and Lymphoma Society and serving as Vice President of Electronic Communication for the North Carolina Scholastic Media Association. He also was the co-editor of the yearbook, co-captain of the Academic Challenge Team, and the vice president of the National Honor Society.

Mabe says that he has chosen a computer science major because he enjoys programming and he is excited about how software will impact the future. "I chose to attend North Carolina State University because of its focus on research and industry collaboration," Mabe said. "I believe that at NC State I can apply the knowledge I obtain to solve real-world problems and make the transition from college to career."

Jane Potter, a partner at Butler & Burke, recently presented the scholarship to Webster at the high school's awards day. "Butler & Burke established the scholarship program in 2003 to assist young people with the resources needed for a college education, allowing them to reach their full potential and achieve their life goals," Potter said. "We admire students like David who strive for excellence, and we are pleased that we can assist them with the costs of their college education in this tangible way."

Butler & Burke is located at 100 Club Oaks Court, Suite A, in Winston-Salem. Founded in 1976, Butler & Burke has professional expertise in financial reporting and assurance services, tax compliance, tax planning, retirement and education planning and business consulting.
