# **SAWTOOTH SCHOOL**

A graphic element consisting of a series of black, jagged, sawtooth-like shapes that form a horizontal line, positioned below the main title.

## **FOR VISUAL ART**

### **The Sawtooth School for Visual Art**

The Sawtooth School for Visual Art offers opportunities to learn about, take part in, and master the creation of fine arts and crafts. The Sawtooth School schedules classes in eight disciplines including ceramics, glass, graphics, photography, metal, fibers, wood, painting and drawing and offers a wide range of educational opportunities for children and adults at any skill level from beginner to advanced.

For 65 years, the Sawtooth School has inspired and taught young and old alike through the creation of visual art and provided quality programming and professional instruction through a multi-cultural curriculum for students of all ages, skill and abilities. The Sawtooth School infuses art into the entire Winston-Salem and Piedmont Triad Community.

In addition to the standard curriculum, the Sawtooth School is now making the same quality classes designed for individuals available to small to medium-sized corporate groups. Whether the members of your organization are beginners or avid artists, they will enjoy the camaraderie and sense of teamwork that a Sawtooth School group session creates. Not only will everyone return to the office and their normal activities reinvigorated by the creative process and with their own piece of artwork, they also will experience an enhanced sense of connection to other members of the team.

Employees of Butler + Burke have firsthand experience of the teambuilding programs offered by the Sawtooth School. A few years ago, Butler + Burke employees spent the afternoon sculpting clay mugs. At the end of the day, team members worked collaboratively on a mosaic that hangs in their office to this day. A beautiful reminder of the great experience they had at the Sawtooth School!

And the feeling is mutual, “Butler + Burke has been our auditing firm for several years, and we enjoy our relationship with the firm. The staff is always available to assist us with any accounting issues we have. As a former CFO with a large not-for-profit organization, I appreciate their professionalism and knowledge of not-for-profit accounting and tax matters,” Sharon Hamilton, President of the Board, Sawtooth School.

For more information and to register for classes or summer camps, visit [www.Sawtooth.org](http://www.Sawtooth.org) or call (336) 723-7395.
